Who is NO Longer a Man. Now, quite possibly an Angel.**

Fifty years ago, I experienced a life-changing event in the Cleveland Museum of Buddhist Art when I saw my likeness in an ancient statue of the Buddhist Maitreya. The Maitreya like the Angel in the Bible (revelations 20 1:3) will lead us to 1000 years of Peace and Prosperity. Bind the Evil, Serpent Dragon Satan and throw the EVIL into the Abyss for 1000 years.

For many decades, I struggled to accept my role in this. Nevertheless, gradually I suspended my disbelief and doubt and grew to agree to take action to fulfil the Prophecy. Someone needed to do something to save humanity from EXTINCTION.

To defeat the Evil and Fulfil the Prophecy, I first needed to analyse the Evil in its concrete real, imagined or all possible forms. The Bible says that the want of money is the root of all-evil. The Koran says that the root of evil is Arrogance. The Buddhists say that greed, anger and delusions of false belief cause evil.

President Eisenhower warned us of the growing threat of the Military Industrial Complex. President Kennedy said he found a Secret Society conspiring to hurt Humanity. I encountered an Evil Ultra-Rich set of corporations that told lies and hid certain truths from the public. Only exposé of these truths could help humanity.

The Dangers of Exposing these truths is great. So to fulfil the Prophecy, I worked in secret and made a trilogy of movies to tell these dangerous truths. I

wrote the music, performed the songs, produced, directed, wrote the screenplay, and washed the windows. I made these three movies to get them out to the world in mass before the Evil Ultra-Rich can block me.

Is there anyone with the guts, courage and audacity to distribute these Movies? Who is interested in the life story of Desiré Dubounet?

Some people are readers and like to read to learn. Some are visual and need to have eye candy. Some are auditory and like to hear things. Some are musical and need music.

Using Visual, Reading Auditory, Vibrational, EMDR, Shock, Laughter, Music, Jingles, and Many Other techniques to deepen the experience of the education, satire and parody. Using Fair Use Law to use iconic movies to deepen the enjoyment of the Education, Satire and Parody.

The Evil Ultra-Rich have tried to erase Desiré Dubounet from the internet and from history. Wikipedia experts have said they cannot remove the lies and slander from Wikipedia. Therefore, I made my own Wikipidia (notice the dif on the spelling of wikipidia)
